

## **Priddy Folk Festival report to the Priddy Parish Council – 27<sup>th</sup> April 21**

Sadly we have chosen not to run the festival again this year. The world of live music is going to come back slowly. But we hope to run some concerts in the village hall in the autumn, and we are planning a live streamed event to mark the weekend of the festival this year. More details to follow shortly

Because the festival has not been run we have not been able to raise the money we usually do for other village organisations, we have also lost some money due to Covid. But we do hope to be back to raising money again in 2022 in what will be our 29<sup>th</sup> festival.

We have maintained our links with Blue School last year and this. Last year we funded a Priddy Rising Lockdown video by Blue School pupils (<https://youtu.be/RxHq9fXQEXQ>) and this year we are working on a shanty project with Blue School pupils.

If anybody is interested in getting involved with festival we are all volunteers and always welcome help, even if it is just volunteering as a steward. Do please get in touch with me.
