Priddy Friendly Society
Annual report for Parish Council

Dear All

As you will understand it has been a difficult year for the friendly society, consequently we have not held any meetings, did not have the annual roll call and club day which meant we were not able to welcome any new members , generally we would hold a number of event throughout the year to raise money to put back into the village, we cancelled the fireworks display and have made the decision to not have it this year as it's too big an investment to risk having to cancel.

However in spite of not holding any events for two years we do have some thoughts for later in the year, a Priddy Olympics in July and possibly an event in the hall later in the year, obviously these will depend on COVID restrictions at the time.

Hopefully going forward we can get back to normal

Regards

John Dally

Chairman
