

Priddy Parish Council - Annual report

Priddy Oil Buying Group

The Priddy Oil Buying Group continues to be well supported, we currently have 112 active members and on average we order around 18,000 litres per month over 30 drops.

During the last 12 months we have delivered in excess of 187,600 litres at a quoted cost of around £57,382.88, giving an average cost of 31p per litre, this has been over 11 deliveries with an average of 30 drops per delivery.

Since starting this initiative we have delivered in excess of 1,250,000 litres....!

We enjoyed a bonus month last May, due to COVID and subsequently oil prices collapsed to an all time low of 15.95ppl, in fact the following 3 months all hovered around the mid 20's, but we've seen a gradual uplift since then to today's prices of around 40ppl.

We are now doing a regular monthly purchase around the nearest Monday to the 7th of the month.

New members are always welcome.

Alan Hutfield
